Objective

Seeking a summer internship in computer science as an opportunity to learn how to undertake research and enhance my skills & knowledge. My interests lie broadly but is not limited to the fields of machine learning and pattern recognition, its applications like sentiment analysis, handwriting recognition, image processing, computer vision, etc.

Education

KIIT University (formerly Kalinga Institute Of Industrial Technology) –
Bhubaneswar, India
Bachelor of Technology, Information Technology

July, 2015 - Present
Current GPA: 8.77 / 10.0

South Point High School – Kolkata, India

All India Senior School Certificate Examination, CBSE (Grade 12)
Stream: Science with Computer Science as additional subject

June, 2015

Secondary Examination, WBBSE (Grade 10)

May, 2013

Projects

Naive Bayes Classifier

- Implemented a Naive Bayes Classifier from scratch for handwritten digits from MNIST digit dataset.

Principal Component Analysis using GPU

- Implemented dimensionality reduction by applying PCA on Iris dataset using CUDA-C.

SpaceTurtle: An Introduction to Turtle Programming

- Designed a teaching kit for a Mozilla Hackathon, using Python's turtle library, to introduce kids to programming and encourage them to solve problems through logical thinking.

Bookmarkz: A Social Bookmarking App in Python

- Developed a social bookmarking app using Django web framework where a user can create an account, share bookmarks, vote on shared bookmarks, etc.

MysticSquare: An Android Game

- Created a basic Mystic-Square(also known as 15 puzzle) game for Android using Android Studio.

Technical Skills

Programming – Coded mainly in **C**, **Python**. Proficient in coding with C++ and Java.

Web – HTML, CSS, Javascript.

Development Tools – Android Studio & Android SDK, MySQL & Oracle.

Others – Familiar with Python's scikit-learn library, Latex.

Relevant Courses Taken

Linear Algebra, Data Structures & Algorithms, Object Oriented Programming, Probability & Statistics.

Honors & Achievements

- Secured 4th position in the 4th CSI National Programming Contest among 11,000 participants.
- Won 2nd place in HelloWeb Hackathon 2016 hosted by the MozillaBBSR Club by designing a teaching kit to introduce kids to programming.
- Qualified for Round 1 of the Facebook HackerCup 2017.
- Secured the highest grade "O" in Object Oriented Programming in B. Tech. 2nd Semester & Web Technology in 3rd Semester.
- Secured a perfect score (100%) in Mathematics in state-wide Secondary Examination, 2013 among 1,020,000 students.
- Awarded Chitroprobha Upadhi Certification by Bengal Music College, Kolkata, India in 2012 on completing a 6-year course on Painting.
- Selected as one of 20 student judges from MP Birla group of schools for the cultural committee MP Birla Puja Utkarsh Samman 2014.
